How to connect to Carlow’s Wireless Network

To connect or reconnect to Carlow’s wireless internet (Wi-Fi), follow these steps:

**On a computer:**

**On a computer: Step 1:**
To connect to a wireless network, click on the Wi-Fi icon in the lower corner of your computer screen. You should then see a list of available networks. (shown below)

**On a mobile device (phone, tablet): Step 1**
Swipe down to select the wifi option, or use the settings to select wifi

**Step 2:**
Select carlow-wifi

**Step 3:**
A box will appear for username and password. Use your Carlow username and password.
Troubleshooting

If you have connected to the network previously, you might need to disconnect and reconnect to the network.

If you need further assistance, email help@carlow.edu or call 412-578-8700.
