Program Learning Outcomes and Goals

PROGRAM LEARNING OUTCOMES

1. Proficient in using evidence-informed practice principles, physical therapy foundational, and clinical skills during clinical decision-making.
2. Display professionalism, communication, leadership, and interprofessional collaboration characteristics to provide the best quality care to their patient population.
3. Participates in professional development activities to stay current with practice standards.
4. Provide equal care to everyone with empathy and compassion and without any discrimination.

PROGRAM GOALS

1. Develop graduates who are skilled in providing contemporary physical therapy services based on the principles of Evidence Informed Practice.
2. Develop graduates who provide care to all individuals regardless of race, gender, religion, sexual orientation, and financial status.
3. Provide students with educational experiences that include interprofessional team collaboration, integration of the liberal arts and humanities, and recognition of the role of social determinants of health in guiding care plans.
4. Faculty will advance their academic careers through service and scholarship.
