

As a newly developed program, the Carlow University MS in Occupational Therapy Program has limited outcomes to share at this point. Graduation rates and National Board for Certification in Occupational Therapy (NBCOT) examination pass rates will be tracked and shared when they are available. Once posted, program results from the NBCOT examination can be found online at <https://www.nbcot.org/en/Educators/Home#SchoolPerformance>.

OT Program Goals

1. Provide a quality educational experience in order to recruit and develop socially conscious learners who are competent, ethical, and sensitive health professionals.
2. Cultivate an innovative, learner-centered curriculum which promotes interprofessional (IP) practice, occupational justice, health and well-being, and the development of critical thinking and evidence-based clinical practices.
3. Promote and develop collaborative learning which fosters an atmosphere of dedication to occupational justice to benefit the university, student body, and local community.
4. Enhance the financial stability of the program to support the successful achievement of the mission of the university and the OT Department.
