Outside Scholarship Opportunities

Pursuing outside scholarships (scholarships awarded by non-governmental sources outside the University) can help finance your education. Unlike loans, they do not have to be repaid. Below is a list of resources to help you find outside scholarship opportunities, but you can also search on your own. Be creative, and you might discover many other opportunities that match your professional goals, personal background, and interests. Apply, apply, apply!

Carlow University does not sponsor these scholarships, endorse these organizations, or claim any responsibility for selecting recipients.

Students are responsible for reviewing the application requirements and submitting application materials to the scholarship-awarding organizations. Please notify the Office of Financial Aid if you expect to receive any outside scholarship funding. You can email finaid@carlow.edu or list the scholarships on your Reply Form.
