Total Credits:

60

Tips for MSW Course Planning

The sequencing below is an example of the quickest route to program completion and based on the semester students begin the program, and their selected program option (online or in-person/hybrid.) MSW students are not required to take courses in this exact sequence and may complete the program part-time or full-time and are encouraged to devise a plan that best fits their unique situations and for your needs. Each MSW course is NOT offered every semester, your advisor can assist you in planning appropriately for sequences other than the examples below. (Please note a full-time course load in graduate school is defined as 6-credits per semester, or more for financial-aid purposes)

DISCLAIMER: This plan is subject to the availability of courses in a particular term. Updated Fall 2023.

MSW: DIRECT PRACTICE - ADVANCED STANDING
In-Person/Hybrid Program Option

Course Number	First Year: Fall	Credits
