

# Remagine the Future of Education

**Become a Carlow educator – care  
for the whole student.**

Earn graduate credits for ACT 48 and CE.  
All classes meet one night a week for 8  
weeks in an online format.

**CARLOW**  
UNIVERSITY

Devoted to the Future of You.

College of Arts  
and Sciences

## **ED 610**

### **GRANTWRITING FOR EDUCATORS**

This course covers education-related grant writing, focusing on researching and developing proposals that align with a school or organization's mission. Participants will learn best practices in grant management and stewardship, culminating in a final project proposal.

- Instructor: Rachel Griffo
- Tuesdays, May 20th - July 8th

## **READ 766**

### **CHILDREN AND THE MEDIA**

This course reviews research on young children's media use, addressing debates over early tech skills and concerns about two-dimensional screen exposure affecting brain development. Learners will examine media's social impact on children and review recommendations on media use from professional organizations.

- Instructor: Shellie Grooms
- Mondays, June 16th - August 4th

## **READ 721**

### **DYSLEXIA AND STRUCTURED LITERACY**

This course provides a historical and neurological perspective on dyslexia and language-based learning differences in literacy programs. Candidates will explore evidence-based methods endorsed by the National Reading Panel and International Dyslexia Association, along with assistive technology in literacy instruction.

- Instructor: Val Piccini
- Wednesdays, May 21st - July 9th
