

Impressive Results

Largest graduating class in University history in 2025, adding more prepared professionals to the workforce and graduate education pipeline.

95% of undergraduates were employed or pursuing graduate study within six months of graduation, demonstrating strong movement from education into employment or advanced preparation.

No. 13 nationally for social mobility in the 2026-27 U.S. News rankings, the highest ranking in that category among institutions in the Pittsburgh region.

Career preparation in fields Western Pennsylvania depends on, including healthcare, education, counseling, business, and social services.

A record \$18.24 million in cash and pledges in FY2025, strengthening student access and Carlow's long-term capacity to serve the region.

Carlow's most recent institutional reporting reflects a university expanding opportunity, preparing graduates for essential professions, and building a stronger bridge between education and the region's future.
